## Important changes to parking at Kelowna General Hospital

Please be advised that, effective February 4, 2008, ground preparation for the new patient care tower will begin in the visitors' parking lot in front of Kelowna General Hospital. Visitor parking along Rose Ave. by the hospital will be expanded to accommodate more visitors' parking.

- The emergency entrance will remain the same. Ambulances and patient drop-offs will still take place in the Strathcona St. turnaround off Pandosy Street.
- The non-emergency entrance to the hospital will be moved to the Rose Ave. (south) side of the building.
- Visitor parking will be expanded on the southeast corner of the KGH grounds at the corner of Rose Ave. and Pandosy St.
- Staff parking in the Rose Ave. lot will be reduced and staff members will be encouraged to use existing spaces in the parkade or overflow parking lot at Burnett St.

**Please see map (attached) for location of new visitors' parking.**

Interior Health would like to thank all visitors and staff to the KGH site for their patience as we work together to build patient care in the Okanagan.
